City of Bothell™

# COUNCIL CORNER

By Mayor Andy Rheume

I grew up in Bothell and can tell you first hand a lot has changed over the decades, but the last 10 years have been evolutionary. Like the rest of the region we have felt the strain of millions of people moving to the Puget Sound region. We have packed the majority of those people within the urban growth boundary (which encircles Puget Sound in Snohomish, King, Pierce and Kitsap counties).

The state passed the Growth Management Act in 1990 to limit sprawl. The plan was for dense urban areas inside the boundary and rural areas outside the urban growth boundary. Limiting sprawl is the best thing we can do to protect the environment and limit the amount of infrastructure (roads, sewers, water pipes) we need to build to support future populations. The alternative would look a lot like Los Angeles.

With this last economic boom the 1990 act has come to fruition. Within our city we have seen a reduction in forests and natural areas, more people and traffic everywhere, and

affordable housing disappearing.

At the same time, the growth has brought new restaurants, retail, housing opportunities, and a more walkable, vibrant downtown Bothell.

We are not alone. All cities inside the urban growth boundary are experiencing the same thing. People are drawn to our region for its proximity to nature, good schools, and other amenities. What we can do is prepare for the future by building the infrastructure we need, protecting the environment the best we can, and continuing to deliver city services to our growing population. If we do all three we will preserve our quality of life, but understand the City will never be the same as it was. It will grow and change quicker and quicker as the population in our region increases. I'm with you if you miss the way it was, but I also have high hopes for Bothell's future. The Reader's Digest named us one of the nicest places in the country, and that has remained constant. Stay involved, help us keep the character of our community, and influence what we will become.

# Improving your streets and sidewalks

You will see Bothell crews and contractors around the City with projects ranging from paving and pavement repair to more school walk route improvements. Here are some highlights:

## PAVEMENT PRESERVATION

Construction will begin:

- Late spring/early summer on the 2019 Crack Seal and Repair project. This will seal cracks and provide spot repairs on various arterial streets throughout the City;
- Summer on the Woodinville Dr. overlay project from I-405 to the east City limits;
- Summer on the NE 160th St. overlays project from 115th Ave. NE to 124th Ave. NE.
- Late summer on the 2019 Local Seal project. This will provide a slurry seal on selected local streets within the Waynita/Simonds/Norway Hill subarea

## SAFE SCHOOL WALK ROUTES

- Begin construction of grant-funded non-motorized improvements near Canyon Park Junior High in early spring 2019.
- Continue design of the following two grant-funded sidewalk projects:
  - ♦ NE 188th St. non-motorized improvements. Construction planned for summer 2019.
  - ♦ 7th Ave. SE/88th Ave. NE non-motorized improvements. Construction is likely to begin in late 2019.

## STREET OPERATIONS

- Operations crews are preparing local streets for the 2019 Local Seal and Repair project (see Pavement Preservation section).
- Continuing to complete sidewalk and repair projects in the identified Safe School Walk Route areas.

## Officer Jon Caban recognized as Snohomish Hero

Officer Caban went to a welfare check on an I-405 overpass, where a young person had their feet dangling over the railing. Another person, later identified as Bellevue Police Assistant Chief Patrick Arpin, was speaking to the teen.

Parking his patrol vehicle in the middle of the overpass, Officer Caban stopped southbound traffic and got out of the car. He motioned to Assistant Chief Arpin not to let the person on the railing know of his presence. Quietly approaching from behind, Officer Caban put his arms around them in a bear hug and pulled them off of the wall and onto the ground. The teen immediately started to cry and said that they had been thinking about jumping.

Due to his quick thinking and focused and calm response, Officer Caban rescued the distraught teenager, preventing serious injury or death for both the teen and the people driving below the overpass. Officer Caban also received the Bothell Police Department Lifesaving Award for his actions.

From left, Don Clark Jr, President/CEO of Sound Credit Union; Patrick Arpin, Assistant Chief, Bellevue Police Department; Officer Jon Caban, Bothell Police Department, at the Snohomish Heroes Breakfast.

# CITY MANAGER'S MESSAGE

## Launching Safe & Secure Bothell

*by Jennifer Phillips*

With passage of the City's November 2018 ballot initiatives Propositions 1 & 2, 2019 has kicked off with a bang! Implementation of both propositions are a heavy lift for our organization but we have already created project teams and begun implementation planning. Most important, we're focused on the proper management of the funds received from you, our community. All the money received from the levy and bond measures will be accounted for in separate funds ensuring resources are spent as promised on public safety services and building two new fire stations. Staff will present the project plans for both the levy and bond measure to the City Council this spring. Quarterly reports will be delivered to the City Council and community to provide updates and account for funds received and expended.

What's exciting is that the City already hired firefighters who began working in January. They will graduate from the fire academy in May, after which they will take EMT training and

can begin serving Bothell. Work has started on the two new fire stations as well. A search for a construction project manager is underway. Once that person is selected, project plans and schedules for razing and rebuilding Stations 45 and 42 will begin. Our goal is to break ground on Station 45 in spring 2020.

**“The City already hired firefighters who began working in January.”**

The Police Department has initiated an aggressive hiring campaign for officers and we are adding additional resources to expedite the normal 18-month hiring and training process. Our goal is to hire at least five new police officers a year and launch the full-time Navigator Program, which is the City's regional approach to providing mental health services to those in need.

Thank you again for your support for a safe and secure Bothell. Learn more at [www.bothellwa.gov/safebothell](http://www.bothellwa.gov/safebothell)

After they are hired, new firefighters spend 12 weeks at the Fire Academy in Bellevue. The most recent recruits were hired as part of the Safe & Secure Bothell levy, Proposition 1. We are grateful to Bothell voters for their support.

## What is stormwater?

**storm wa-ter** / *noun* / **1** Water from rainfall and snow that runs off hard surfaces like rooftops, driveways, paved roads, compact soil, and parking lots and flows into nearby surface water including drainage facilities, streams, lakes, rivers, and Puget Sound.

Stormwater runoff is a problem because it picks up whatever it touches along the way, like pesticides, fertilizers, grass clippings, dirt, oil, pet waste, and other pollutants. This contaminated runoff is not treated before it travels to the closest storm drain or stream, where it pollutes our water.

## May is 'Puget Sound Starts Here' Month

### Orcas and salmon need our help

With less than 80 remaining, our southern resident orca population is in jeopardy of becoming extinct. It's common to feel helpless when it comes to trying to save them. But each one of us can help save our local orcas by making sure they have enough food and by keeping pollution out of their water. Orcas love eating Chinook salmon, but Chinook are now a threatened species, in part because water pollution is killing them. May is Puget Sound Starts Here month, the perfect time to start protecting streams, restoring salmon, and saving orcas if you aren't already taking action. We challenge you to start doing at least one thing that helps keep water clean for a healthier Puget Sound and marine ecosystem.

### A few ideas to try

- Take care of your yard naturally by using compost and mulch
- Use native plants and trees in your yard to soak up rainwater and limit runoff
- Fix auto leaks right away so you don't drip and drive
- Use a commercial car wash or wash your vehicle over grass or gravel

- Pick up your pet's waste and put it in the garbage
- Take your hazardous materials to the Wastemobile
- Make sure your septic system is in good working order

### About Puget Sound Starts Here

Puget Sound Starts Here is made up of over 750 organizations working together to raise awareness about how our everyday actions affect Puget Sound waters. We rely on clean water for our wellbeing and so do salmon, orcas, and other wildlife that live in our shared habitat.

Rain washes pollution from vehicle leaks, car wash soaps, pesticides, fertilizers, and pet waste into storm drains, straight to local streams, lakes, rivers, and Puget Sound. What we do here has an impact on our local waterways and, eventually, on Puget Sound. By making small changes to our daily activities, we can keep this pollution out of our waterways.

Find more ideas and ways to get involved at [www.pugetsoundstartshere.org](http://www.pugetsoundstartshere.org).

## SPRING NATURAL YARD CARE TIPS

Did your garden and lawn feel unloved this winter? Show them you care by showering them with attention in the coming months! Here are some seasonal tips to ensure you have happy plants and soil this spring.

### Flower and vegetable gardens

- Prepare new planting beds and gardens by mixing in 1-3" of compost.
- Pull weeds when they first start growing, while soil is moist and roots are short, before they go to seed.
- Choose plants that grow well in the Northwest and fit the sun, soil and water conditions in your yard. Washington has several hundred native plants that are already conditioned to our climate.
- Buy plants that resist disease and use less water.
- Pest problems? Call the Garden Hotline for advice at 206-633-0224 or check out [www.gardenhotline.org](http://www.gardenhotline.org)

### Lawns

- Start mowing, about 2" high for most lawns, or 1" for bentgrass lawns.
- Grasscycle! Leave the clippings on the lawn to act as free fertilizer.
- For lawns in poor condition, aerate, overseed, and top-dress with ½" of compost.
- Fertilize lawns, if needed, in May with "natural organic" or "slow release" fertilizer.

### Tree and shrub beds

- Prepare new tree and shrub beds by mixing compost into the entire bed, not just the planting holes. Or plant trees in native soil and mulch them well.

### Watering

- Prepare sprinkler systems by testing, adjusting, and repairing leaks.
- Lay out soaker hoses in beds, and cover with mulch.
- Check soil moisture at plant roots before watering; don't water until they need it.

### Composting

- Harvest compost from your bin. Throw any uncomposted sticks or stalks back in for another cycle.

## Community Shred Event

We are excited to bring back the free confidential document-shredding event this year. The event will include the opportunity for people to drop off non-perishable canned food for local food banks.

### Event Details

This event is for residents only and not for commercial businesses.

**Saturday, April 20 • 10 a.m. - 1 p.m.**

City Hall, 101st Ave. NE between  
NE 183rd St. and NE 185th St.

Event attendees can enter the event from NE 185th St.

Details: [www.bothellwa.gov/shredevent](http://www.bothellwa.gov/shredevent)

### Shredding Process

Residents can bring three paper grocery bags or two copy paper boxes full of shreddable documents.

To prevent traffic delays, residents can drop off materials to City of Bothell Records Information Management Committee (RIMC) staff for placing in the shred truck. Residents will **not** be able to monitor their materials being shredded. For questions about the event, please email [recycle@bothellwa.gov](mailto:recycle@bothellwa.gov) or call 425-806-6768.

## Keep it clean and dry

Empty, clean, and dry may be the new mantra of recycling, but you don't have to sacrifice water efficiency to do it. Save water and recycle right by following a few simple steps.

**Empty:** Pour out liquid and scrape out food.

If you're emptying a water bottle, use it to water plants!

**Clean:** Fill bottles, cans, and food containers with a small amount of water, replace the cap or lid, and shake vigorously to clean.

**Dry:** Shake out excess water or air dry. When you take your recyclables out, close the lid of your blue cart to keep paper and cardboard dry.

## Spring Break Camp: Skyhawks Basketball

This fun, skill-intensive program is designed for beginning to intermediate players. An active week of passing, shooting, dribbling, and rebounding makes this one of our most popular programs. Our basketball staff will also focus on respect, teamwork and responsibility. All participants receive a t-shirt and should bring appropriate clothing, a lunch and snack (full day camp) or two snacks (1/2 day camp), and a water bottle.

**Register ONLINE** at [bothellparks.net](http://bothellparks.net). If you have an existing account with Bothell Recreation and need your username or password, do not create a new account. Use the "Claim Existing Account" button, or call us at 425-806-6760 for help.

Check whether you live in the City limits: [www.bothellwa.gov/cobmap](http://www.bothellwa.gov/cobmap)

## Resident Discount Fee

City of Bothell Parks & Recreation strives to provide quality and affordable recreation opportunities to the community. In recognition that Bothell residents support our Parks & Recreation services through their taxes, the City offers them a discount on all fee-based recreation programs. Not all persons with Bothell mailing addresses live within the City limits. If you receive a City of Bothell utility bill, you are a Bothell resident. Not sure? Our Parks & Recreation staff can help you (call 425-806-6760), or you can go to [www.bothellwa.gov/cobmap](http://www.bothellwa.gov/cobmap) to verify your address. Those persons not living within the City limits are welcome to enjoy our activities at non-resident rates.

Please note: All participants are required to sign a hold harmless form before participating in any registered program. Parent or guardian signature is required for all participants under 18. Some class programs may require a separate hold

harmless form to be signed due to the specific nature of that program.

## Accessibility

City of Bothell Parks & Recreation will make every effort to provide reasonable accommodation for people with special needs. Please contact us three weeks before the class start date to discuss accommodations.

## Satisfaction Guaranteed

City of Bothell Parks & Recreation strives to provide the best possible recreational programs and to ensure customer satisfaction. If you are dissatisfied with the quality of the program, facility or instructor, contact our staff before the second class or within two days following a one-day class so that your concerns can be quickly addressed.

## Refund Policies

Before you register for any class, read and understand the following refund policies:

Full refund/credit granted if request is made at least five business days before the start of class. A 50% refund/credit granted if request is made less than five business days before the start of class. We charge a \$10 administrative fee for all cancellations. Transfers must be requested five business days before the start of class. No refunds for classes costing less than \$10. No refunds/credits on or after the first day of class.

100% refund if class is cancelled by the City. Refund policies subject to change via Council approval.

## Nondiscrimination Policy

The City of Bothell complies with the State of Washington's "Fair Play in Community Sports Act" (Chapter 467, 2009 Laws, effective date July 26, 2009) that prohibits discrimination against any person in a community athletics program on the basis of sex. Any questions or comments, please contact Parks & Recreation Director Nik Stroup at 425-806-6751.

## Planning for future Parks & Recreation needs

This year, the Bothell Parks & Recreation Department will be working on our Parks, Recreation and Open Space Plan (PROS Plan)! The PROS Plan helps to guide the City's recreation classes, sports, park amenities and facilities, and potential new park or open spaces for next six to 10 years.

Begin thinking about what you would like the future of Bothell Parks & Recreation to be and then share your thoughts with the City and our Consultant Team this summer and fall. You will have many opportunities to share what is on your mind. Look for announcements at [www.Bothellwa.gov/parksandrecreation](http://www.Bothellwa.gov/parksandrecreation), Twitter and Facebook on how you can participate!
